

CSC108H/A08H

Administrivia

- 10 two-hour labs
- These are the “tutorials” you signed up for on ROSI
- Done with a partner (not same as assignment partner)
- Labs start next week
- Held in BA 3175, BA 3185 and BA 3195

Labs

- Room assignments will be posted on the course website next week
- Use CDF username to login to lab machines

Coursework Overview

Work	Weight	Comment
Labs	5%	0.5% each
Exercises	6%	2% each
Assignments (3)	29%	A1: 9%, A2: 10%, A3 10%
Tests (2)	20%	In lecture timeslot, 10% each
Final exam	40%	You must get $\geq 40\%$ to pass 108

Doing Your Work

Our labs: the Computing Discipline Facility (CDF)

In the Bahen Centre for Information Technology:

- **BA3175, BA3185, BA3195**
(closed labs are held here)
- BA2210, BA2220, BA2240
- You have 24/7 access to all of the above lab rooms.

Also in the Gerstein Information Centre: 2nd floor lab

Find out your CDF login using:

<http://www.cdf.toronto.edu/cgi-bin/webfinger>

Your password is initially your student number

Exercises

- Exercise handouts: will be posted on website
- Due on the given date before 10:00 pm (sharp)
- Submitted electronically
- Done individually
- Pre-marked according to a posted schedule
- You can submit multiple times before the due date

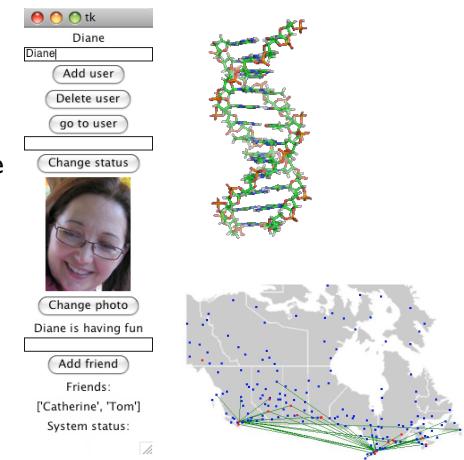

Partners

- Assignments can be done with a partner.
- You pick your partner.
- Can be from either CSC108 lecture section.
- Consider changing partners between assignments.
- The labs and Piazza are great for meeting people.

Assignments

- Assignment handouts: will be posted on website
- Due on the given date before 10:00 pm (sharp)
- Submitted electronically

Late Policy

- You are given 1 “grace point” to use during the term on an assignment (not on exercises)
- With 2 points, a pair can buy 24 hours (it costs 1 point if you’re working alone)
 - You can submit up to 10:00 pm the next day without penalty!
- Both partners must have, and spend, their point.

No other lates

- No other late assignments will be accepted.
- No late exercises will be accepted.
- If you can't finish the assignment, you can earn part marks for a good partial solution.
- Of course, illness and other disasters are another matter; contact me asap.

Tests

- 2 tests
- During lecture timeslot
- Location will be posted on the course website
- No partners for tests!

Final Exam

- Scheduled by the Faculty of Arts and Science
- Exam schedule will be posted here:
 - [http://www.artsci.utoronto.ca/current/
undergraduate/exams](http://www.artsci.utoronto.ca/current/undergraduate/exams)
- We can't change it!
- All exceptions handled through Office of the Faculty Registrar

Textbook

- Available online from publisher and from booksellers like amazon; also at the UofT Bookstore
- Available in electronic and/or paper form

Getting Help

- Office hours
- CSC Help Centre: BA2270
 - M-Th 4-6pm
 - next week: only 4-5pm
- Piazza: online forum
- Email
 - Please read announcements on Piazza first
 - Use a good subject, such as “108: missed test due to illness”
 - Email from your UTOR account and sign your full name
- Don’t spin your wheels -- ask for help!

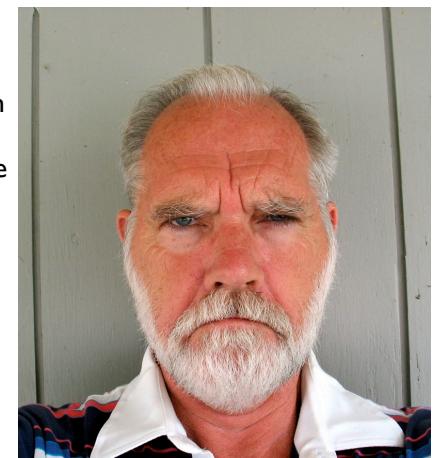

How to Be Good

- To avoid plagiarism:
 - Never look at another team’s assignment work
 - Never show another team your work
- Applies even to drafts and to incomplete solutions
- Discuss how to solve an assignment only with the course TAs and instructors

Academic Offenses

- All of the work you submit must be your own and your work must not be submitted by someone else (except your assignment partner)
- The department uses software that compares programs for evidence of similar code

What you need to do before Monday

- Read the course information sheet
- Bookmark our website
- Buy textbook
- Look up your CDF username
- Activate your Piazza account and check it out
- If you plan on working on your own computer, install software listed on course website
- Drop by office hours and introduce yourself!
